

GENAXY Pipette Controller

- Can fill 25ml pipet under 4 seconds
- Safety valve and hydrophobic filters provide double protection against fluid penetration
- Two different speed modes-High & Low along with Gravity drain
- The pump speed can also be fine-tuned by varying finger pressure on operating knobs for better control of speed
- Cadmium free environment friendly NiMH batteries
- Batteries can be changed very easily by the user
- The intelligent charger prevents over charging/heating of batteries
- Low battery indicator
- The specially designed Desktop Stand enables the Pipet Controller to be charged while resting on it.
- The Pipet Controller can hold the serological pipette while resting on Desktop stand.
