

# SCREW CAP TUBES

*BEING VERSATILE  
IS A STYLE*

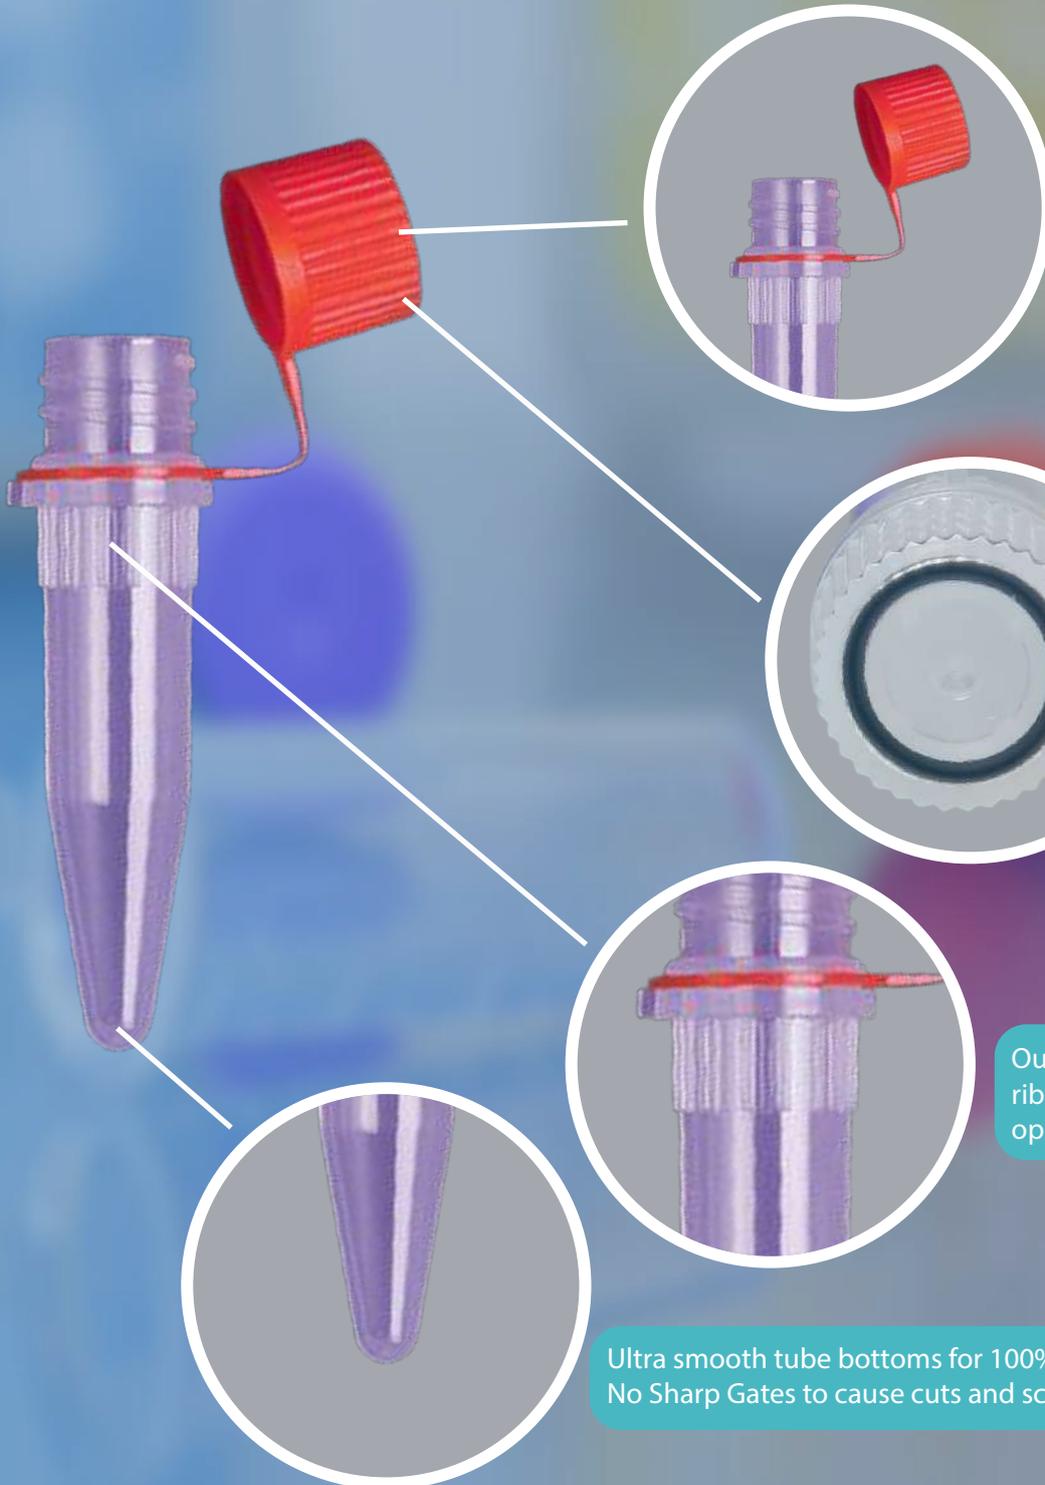

GENAXY screw cap micro-tubes serve a wide range of laboratory needs including collection, processing, centrifugation, long term storage and packaging/shipping of restriction enzymes and other reagents. Conical & self standing both options are offered with 7 different color alternatives (White, Pink, Blue, Green, Orange, Red and Yellow) for caps.

## Unique Features

- » Manufactured with High grade 99.9% Virgin polypropylene.
- » Manufactured Under ISO class 8 cleanroom facility
- » Suitable for High-Speed Centrifugation up to 20,000xg
- » Can be used at temperature ranging from -195 deg C (LN2 vapour phase) to 121 deg C
- » The threaded "O" ring design, containing Silicon rubber, ensures a uniform closure
- » Outer Walls of the Tube are ribbed which aids in single handed operation of the same
- » Screw Cap Tubes Are Now Also Available With Looped Caps
- » These unique caps have a circular loop which makes closing and opening of the tube easier and prevents dropping caps on the laboratory floor
- » Caps have extra long lips to help protect samples
- » Certified DNase/RNase and Human DNA and phthalate free
- » USFDA 21CFR Compliant

# Genaxy Screw Cap Tubes

These unique caps have a circular loop which makes closing and opening of the tube easier and prevents dropping caps on the laboratory floor

The threaded "O" ring design to ensures uniform closure

Outer walls of the tube are ribbed for single handed operation

Ultra smooth tube bottoms for 100% visibility - No Sharp Gates to cause cuts and scratches
